CUSTOMER INFORMATION

Name:		Spouse's Name:	
Business Name (if applicable):			
Mailing Address:			
City:	State:	Zip:	
Home Phone #	Work Phone #	Cell phone #	
e-mail address:			
How do you prefer to be contacted?			
How did you learn about PV Squared?			

GENERAL PROJECT INFORMATION

Project location (address), if different from mailing:	
Is the property a place of business?	Is the building your primary residence?
What type of renewable energy system are you most interested in: Solar Electric, Solar Hot Water, Wind, Micro-Hydro, Any/All, Other?	
What is your motivation for considering a renewable energy system installation?	
Will the new system be installed in conjunction with new construction or remodeling?	
What is your preferred timeframe for system installation?	
What is your anticipated budget for your renewable energy system?	

GENERAL SITE INFORMATION

Is there a south facing roof on the building?	If not, is there a SE or SW facing roof?
Is this roof shade-free between the hours of 8 and 4 during all seasons?	
Is there more than one layer of roofing material on the roof (e.g., shingles)?	
Are the roof rafters visible (e.g., from within an attic space?)	
Would you consider the installation of a ground-mounted PV array if roof is not suitable?	

Please provide copies of the following:

- All pages of a recent electricity bill
- Digital or print photographs of the building's exterior, particularly the south-facing roof or proposed system installation area.

Please return your form & materials to PV Squared via e-mail, mail, or fax.

MA FAX - 413-772-8668 or CT FAX - 860-827-8590

ADDITIONAL QUESTIONS ON PAGE 2 ARE OPTIONAL, BUT EXTREMELY HELPFUL

GENERAL SITE INFORMATION

When was the building constructed?	Square footage?	Approx size of lot (acres)?
What is the approximate length and width of available roof area?		
What is the roofing material?		
How old is the roofing material (in years)?		
What is the approximate roof pitch (angle)?		
If known, what is the roof rafter size in inches?	BY	Spacing between rafters in inches?
		Can the rafters be viewed?

HOME HEATING and HOT WATER INFORMATION

What energy source is used for space heating-- oil, gas, propane, electricity, wood?
What type of heating system: forced air, hot water baseboard/radiators, steam?
Is domestic hot water heated in a tank or by an on-demand (tankless) system?
What energy source is used for domestic water heating-- oil, gas, propane, electricity?
How many people are served by the domestic hot water system?
Are you considering updates or replacement of the heating or hot water system?

EXISTING ELECTRIC SYSTEM INFORMATION

What is the electrical panel rating (e.g., 100 amps, 200 amps)?	
Where is the main circuit breaker panel located in the building?	
Do you have more than one circuit breaker panel on your property?	
Do you anticipate future changes in your electrical consumption?	If so, up or down?
