

SOLAR INSTALLER ELECTRICIAN

Since 2002, PV Squared has provided custom solar energy solutions to businesses and homeowners in the Pioneer Valley and surrounding regions. We are driven by a commitment to building a healthier environment, strengthening the communities we serve, and demonstrating the value of worker-owned cooperatives as a generative business model. We see our people as our most valued asset and we believe our greatest impact can be achieved collectively.

The Solar Installer Electrician is a key member of the Installation Team and will be responsible for ensuring our systems are installed to design specifications, meet high expectations on quality and in compliance with all code regulations. The Solar Installer Electrician must be a Massachusetts Licensed Electrician. This position will be directly responsible for the installation and servicing of solar photovoltaic and other renewable energy systems and must be comfortable working on roofs. The ideal candidate will be a proactive communicator and problem solver with significant experience working in a dynamic and fast-paced team setting. This is a full-time position with benefits based in Greenfield, MA.

Minimum Requirements:

- Valid Massachusetts Journeyman Electrician License in good standing
- Stable active work history in the electrical trade
- Safe work history
- Safe and comfortable working on construction sites
- Safe and comfortable working and carrying weight at all heights (including roofs and ladders)
- Reliable transportation and clean driving history

Our Ideal Candidate:

- Residential and commercial experience with services and distribution circuits
- OSHA Certification
- Experience in project planning
- Proactive communication skills, including the ability to interact with clients
- Focused and detail-oriented with a strong emphasis on quality craftsmanship and efficiency
- Passionate about solar energy, green building, and the cooperative business model
- Flexible thinker and team player who is willing to pitch in where needed

What We Offer:

- A collaborative, cooperative and democratic work environment
- Fair wage compensation and benefits package
- Path to shared worker-ownership of the business and profit sharing
- Participation in group decision making and cooperative governance
- Support for professional development and technical training

We are looking for people who are passionate about making a positive impact and being part of a cooperative environment. As a worker-owned cooperative, we take pride in our work and we respect the investments our clients are making. We've built our reputation on strong word of mouth, quality craftsmanship, and outstanding Client Care.

This is a full-time position based in Greenfield, MA. To apply, please email your cover letter and resume (in pdf format) with "Solar Installer Electrician" in the subject line to careers@pvsquared.coop. We look forward to hearing from you.

PV Squared is an Equal Opportunity Employer and holds MA Elec. Lic. A13764. Compensation based on experience and qualifications.
